## IARU Region 1 Contest Rules Modification

### Background

During the 2011 Sun City C5 Meeting, the meeting voted on the paper SC11-C5\_25 that changed rule on chapter 5.3.11 (Handbook v 6.12) in this way:

*Any error in the exchanged information logged by a station is liable to result in the loss of all points for that contact for both correspondents (receiving and transmitting station); subject to review and confirmation by the contest organiser.*

### Proposal

Now we propose to discuss this rule again and see if we can change it back to the old rule:

*Any error in the exchanged information logged by a station is liable to result in the loss of all points for that contact.*
